National Bike Month

Bicycles are human powered vehicles, typically featuring pedals, a seat, two wheels and a frame.

Although unicycles (one wheel) and tricycles (three wheels) don't have two wheels, they are sometimes still referred to as 'bikes'.

You may have heard of the Penny-farthing, an early type of bicycle that featured a front wheel significantly larger than the rear.

The name comes from the old British Penny and Farthing coins which represent the large and small wheels.

MAY

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
