

ALL NEW WARRIORS CAMP

This year we have revamped our Summer Camp! With our new Summer STEM program, one to one technology, garden, and much more, campers will find it hard to have a dull moment. With activities designed for all age groups, everyone will have a chance to participate in the fun. We will make sure to give each camper the space, encouragement, and materials they need to follow their passions.

GUEST SPEAKERS

Each week we will have at least one guest appearance. Our guest will be there to expand on our weekly theme!

SUMMER READING

Campers will have the opportunity to read everyday. This is a great way to finish any summer reading or summer assignments that need to be done.

**“The more that you read, the more things you will know. The more things that you learn, the more places you’ll go.”
-Dr. Seuss**

STEM
